Keg Shelf Close-up

Engineered to work as hard as you do.
These heavy duty aluminum units store ⅙-, ¼- and ½- barrel kegs of beer as well as dry general storage.

Unlike wire shelves, these units have easy-to-clean flat surfaces that aid in the easy-on and easy-off of product.

- Keg shelves are extra-reinforced for the added abuse associated with handling kegs.
  - Heavy duty frame with channel laterals instead of our standard T-Bar.
- Fully adjustable shelves can be adjusted to fit your specific requirements.
  - Units assemble in minutes with only an Allen wrench (provided).
  - Aluminum posts are marked in 2" increments for easy leveling; All ends are capped and sealed from dirt and debris..
- Approved for use in freezers, displays, as well as packaging and storage areas.
- Lifetime Guarantee against rust and corrosion
- Five-Year Guarantee against material defects and workmanship.

MAXIMIZE Your Craft Keg STORAGE
